Blaqbonez

See this fame shit, It's a little bit tough, shit is dangerous  
Don't know who you can trust, but it came with Fendi, Gucci, Dior  
Be a broke ass bitch, that can never be us

You see this fame shit  
Start it off and now they can't explain it  
Broke niggas popping out the pavement  
I told niggas I was gonna make it  
They ain't have faith in me  
I walk in the streets, minus eight degree  
Walk in the streets, with a cake on me  
Yeah nigga walked with a cake like a bakery  
Y'all still couldn't play with me  
I patiently, still giving out the pass to the well known things  
Bellied up, like I'm Unknown T  
You can see this fame shit really not for me  
Bitch I'm

Oh my God  
You see this fame shit, that's some cray shit  
Put a nigga in soup like crayfish  
What these niggas would do just to make it  
Shit is out of this world like a spaceship  
This is rare to find nigga, don't chase it  
If you sick of your bitch, and she basic  
If you want certain real, nothing matrix  
Just take a blue pill, then give her great dick  
Couple benzos and some ranges  
I'm in the back, all black like I'm racist  
Last night in the clubhouse wasted  
Tomorrow night same shit, like it's twitter spaces  
When you famous and you make it  
She gon' tell you that she love you, but she fake it  
Right now she on facetime naked  
With another nigga if he give her she go take it
