

Good Boy

Blaqbonez

I'm a very different kind of somebody, I'm not someone that is into all those kinds of sweet boys, all those kind of nonsense things
I like a God fearing man, a man that fear God
(This beat sweeto)
Now this is me, this is the kind of person I am
I am not interest in that, I don't have interest on that

Hey, no I'm not regular, ayy (Bang)
You swear you on my cellular, ayy (Da dang)
I see a lot of boys want a snap of me, of me
I no dey smoke marijuana, oh baby
I no dey do fornicator, oh baby
I no dey go kalakuta, oh baby
I don't, don't, no, ayy

As you are looking at a good boy
We no too many, we no too many
Say, we no too many
'Cause you're looking at a good boy
We no too many, we no too many, baby, oh

I'm a good boy on a very good day
Me I no dey lie on a very good day
I'm still a virgin on a very good day
And I dey go church every other Sunday, ayy, ayy

The way I dey move, e dey make her confuse
Dey with some girl, whey dey tell me bonjour
Say I look so bad but I'm so good
Say I look so bad but I'm so good
Tryna get close to ya, know say me I no dey smoke cigar
We told you we no dey smoke bana
We don't even smoke marijuana, yeah yeah yeah
I no dey chance person for hold up, I let them pass
As a good boy, I gotta show example
You dey waste time if you try to fight me
Turn the next cheek if popo slap me
Oya jeje, I dey give them jeje
Angelina sempe, everything popping
We dey give them yenke
Oh

As you are looking at a good boy
We no too many, we no too many
Say, we no too many
'Cause you're looking at a good boy
We no too many, we no too many, baby, oh

I used to be in the world
But now I'm a changed man (Praise the Lord), yeah
I used to have five side chicks
But right now, I only have one (Hallelujah), yeah
I used to drink Fanta with vodka but now it's just Fanta
Me I used to fantasize about Amber Rose and Blac Chyna
But right now it's just BamBam
Right now I'm law abiding, tax paying, tongue praying, soul winning, uh
Good boy we no go break your heart, boy we no go press your yansh

Until I take you to church
I go love you too much, 'til you beg me to stop, baby
I'm a born again, no fornicate again
I don't play no games, never sin again

As you are looking at a good boy
We no too many, we no too many
Say, we no too many
'Cause you're looking at a good boy
We no too many, we no too many, baby, oh

No I'm not regular, ayy
But for real I'm not regular
Look at what I do, you can help me check the cellular, yeah
All my music, praise, and worship, promise you no secular, woah
I no fit even tell you say I don do woman before
All my life yo, I never ever drink alcohol
Gold chain, gold chain, gold chain
But I dey with rosary every second saying prayer to God
Thank God it's Friday, it's time for night vigil
I no dey gyrate, I'm more into soul winning
Dem boys dey for 57, but I dey the prayer level
Life is really spiritual, somebody gats to cast the devil
So tell me what you want, oh baby, shey you wanna go Santorini
How you wanna go [?]
(Fuck with me, baby)

That's what I like
Me I no dey lie on a very good day
I'm still a virgin on a very good day
And I dey go church every other Sunday, ayy, ayy
