Blaqbonez

One time, okay

You've been on my mind all-day
Don't you wanna fly away?
When I'm with you all the way
You don't even need to think twice
Show me what you like oh babe, uh
Right away, uh
Hope dem no wanna run away (Mmm)
Run away (Mhm), mile away
Girl I wanna lay your body down
Cuff you to the headboard
Don't you get me started
Baby you making me horny
Mm, sugar who dey mazoe
Man, do I hit him with the, "I don't care"
Your body is my body
Body startie (Yeah, yeah)

Feels so stupid that we fight
We could be fuckin' all night

On cold Saturday nights at Lekki Phase 1
Now you vexin' all alone, you no dey pick my call
When they play my song for TV, you no dey 'gree sing along
But no qualm, if you no get another man

Make I paint a little beta picture
Lemme slide in and put you in seventeen position
Omo lemme, you see wetin, you dey meet your seeker

Go down, go down on your biggest behind
Slim thick waist and your hips don't lie
And I like it
