But I no fit say somebody go play somebody o  
Somebody go play somebody o

I'm a real nigga, I don't play no games  
All I do is kick ass and take names  
All these niggas is trying to change lanes  
Yoruba boy, got a bad name to maintain  
If I move to your girl issa wrap  
Who's that girl with the rack?  
See the knife for my back  
Hit her once now the shawty calling me back  
Great white, you can tell 'bout how I move with the sharks  
So you could press P or you could press play  
Niggas swerve off, they be in a bentley  
We could do this like each and every day  
Everytime we steppin' out you know a brother gettin' laid  
Eyes on the boy don't blink  
Shine shine bobo no bling  
They really thought a nigga wanna sing  
In the trap but my trap phone don't ring

When a player meet a player (player)  
We go enter one sokoto

Somebody go play somebody o
