Pull out every time 'cause I no like epistle  
Every time wey me shoot her mi pistol  
Tell her: "girlie wait, baby, let me get the tissue"  
I'm alive, man I never had issues  
Pull out every time 'cause I no like epistle  
Every time wey me shoot her mi pistol  
Tell her: "girlie wait" (wait, wait)

See  
Meet and greet, Bounce and split  
Sit down on my lap, lemme feel your jigs  
Sit down on my lap, lemme pull your wigs

She done the whistle when I slide in, like ah Holy Ghost someth

And after when she go all night, she say: "Daddy, would you cum  
for me", whoa

I'm alive, man I never had issues  
Pull out every time 'cause I no like epistle  
Every time wey me shoot her mi pistol  
Tell her: "girlie wait, baby, let me get the tissue"  
I'm alive, man I never had issues  
Pull out every time 'cause I no like epistle  
Every time wey me shoot her mi pistol  
Tell her: "girlie wait" (wait, wait)
