Work hard when you want the call  
You got to walk that walk  
Work hard when you wear subtle things, they  
Turn and you grab it all, yeah

For you, it's crime on the line  
Fame, lust, crime on the line  
On the line

Work hard when you want it all  
You got to talk that talk  
You work hard when you feign those subtle things  
Baby, you got a call, yeah

(Work, work, work, work)

For you, it's crime on the line  
Fame, lust, crime on the line

Where is the free world  
When they keep calling?  
I want your whole world  
And I'm now cold

(Work, work, work, work)

For you, it's crime on the line  
Fame, lust, crime on the line

Fame, where is the free world  
Crime, when they keep calling?  
Fame, I want your whole world  
Crime, and I'm now cold

Fame, lust, crime on the line
