

## Again, Again, And Again

Blaqk Audio

Give me just a second.  
I'll find something to say.  
Had I just a minute I'd have made the great escape.  
What could he do?  
What could he do when she said  
"I want, I want you?"

What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cause I like it dark and low,  
You know."

Rare blind recognition rushed in with a breath.  
Turn to salutation.  
Slyly, she said "haven't we met?"  
Let our history repeat itself one too many times  
For every time we return to our scene  
It seems less like a crime.  
What could I do?  
What could I do when she said, "I want, I want you?"

What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cause I like it dark and low,  
You know."

Cause I like it  
[x4]

"What'll it take for you to surrender?"  
[x2]

"What'll it take for you to surrender?  
I gave you a taste. Oh how you've grown.  
This great trial, this self denial  
It's a trial to leave you clean cause I like it dark and low,  
You know."
