

Caroline In the Clip

Blakk Audio

Did you see
The way she looked
The bullet grazed
Your shoulder bair
But don't despair
All that she took
One inch of flesh
Beyond compare

I wish I could say the same for her

We will be fine
My Caroline
We're a hit (We're a hit)
We're meant for this (You're meant for this)
You will be fine
My Caroline
In the clip
We're meant for this, you're meant for this

Did you see
The way you looked
You dropped a smile
I held your hand
There in the mirror
And then you cut
One stunning clip
To keep us here

I wish I could stay

We will be fine
My Caroline
We're a hit (We're a hit)
We're meant for this (You're meant for this)
You will be fine
My Caroline
In the clip
We're meant for this, you're meant for this

Oh I recognize
That look, that look
No not anyone knows you the way
I do, I do recognize
That look (that look)
No not everyone's an empty gaze

Wish I could stay

We will be fine
My Caroline
We're a hit (We're a hit)
We're meant for this (You're meant for this)
You will be fine
My Caroline
In the clip
You're meant for this (you're meant for this)

I promise you'll be fine
My Caroline
We're a hit (We're a hit)
We're meant for this (You're meant for this)
