

I'm Coming Over

Black Audio

I lit the fire right outside your door
You said the flames weren't right
Ten feet or more
Give me more

I'm comin' over
I, I'm comin' over
Okay, I promise I won't speak of love
I'm comin' over, yeah I'm comin' over
I promise you I won't leave my blood
I need shelter so draw the water
I need shelter, I know you're alone
So draw the water, I need shelter
And although you wander
You know you're my only home

I set myself alight outside your door
Only to hear you plead no way for me
No way for me

I'm comin' over
I, I'm comin' over
Okay, I promise I won't speak of love
I'm comin' over, yeah I'm comin' over
I promise you I won't leave my blood
I need shelter so draw the water
I need shelter, I know you're alone
So draw the water, I need shelter
And although you wander
You know you're my only home

Ashes, ashes, ashes down your drain
You're my only home
Ashes, ashes, ashes down your drain
You're my only home
Ashes, ashes, ashes down your drain
No words in the way
No words in the way

I'm comin' over
I, I'm comin' over
Okay, I promise I won't speak of love
I'm comin' over, yeah I'm comin' over
I promise you I won't leave my blood
I need shelter so draw the water
I need shelter, I know you're alone
So draw the water, I need shelter
And although you wander
You know you're my only home
