I'm floating down  
Down the rivers underground  
You couldn't sleep  
For the waters stir in me

I am the ocean, I am the rain  
Moonwalk with me upon your chain  
Your silver chain

I didn't survive  
Yet no skies part, no mortal coils unwind  
I didn't survive  
A graveyard hunt, with no love left alive

I'm linked and bound  
To black waters underground  
And you cannot sleep  
So take the chain and walk with me

I am the ocean, I am the rain  
Moonwalk with me upon your chain  
Your silver chain

I didn't survive  
Yet no skies part, no mortal coils unwind  
I didn't survive  
A graveyard hunt, with no love left alive

For me  
Not that I can see, but blessed be  
Not for me, not that I can see  
Oh blessed be

I didn't survive  
Yet no skies part, no mortal coils unwind  
I didn't survive  
A graveyard hunt, with no love left alive
