

You Will Hate Me

Blak Audio

I won't take you on a long ride
or buy you things you could never buy,
Sit with you in a new place,
and feed you things you would never try.

I'll let you down but I'll do it slow.
They let you down, should have let you know

That you will hate me.
I know that you will hate me.

I'd take you out but I know you'd hate me,
without a doubt. Oh, I know you'd hate me.

Let me take you on a short ride.
I will sing. You can sit and sight.
You'd grab the break if I hit the gas.
Been moving slow but you said, "That's way too fast."

I'd take you out but I know you'd hate me,
without a doubt. Oh, I know you'd hate me... more than I'd care
.
