Fall Back

Blaque

Now it's half your fault when girls be clownin' me
From your smile they think they can replace me
And that's just half the blame but first let me let all these hoes know
My nigga ain't for creepin'
First of all there's no way chicks can love like me
And he's already knowing that he's sprung on me
So ladies slow your roll and pump your brakes and do it for sure
'Cause y'all don't really know me

Don't you know
If you don't fall back off him
You will know
Soon by my reaction
I can be
Someone that you don't want
Problems with
So please don't push me

Fall back
I'm not gon' keep tellin' y'all to
Fall back
Raise up off my man 'fore it gets
Real bad
Problems with me, trust you don't
Need that
You're standing too close girl
Fall back
I'm not gon' keep tellin' y'all to
Fall back
Raise up off my man 'fore it gets
Real bad
Problems with me, trust you don't
Need that
You're standing too close girl
Fall back!

It's funny how y'all think that it's your place to be
All up in my man's face when he's not with me
But when y'all see us in a club you never say 'oh what' to him
'Cause y'all see who is with him
But trust me and believe, you don't want the half
Of what would come your way, if you think you can
So I suggest you think twice about disrespectin' me again
And getting close to him

Don't you know
If you don't fall back off him
You will know
Soon by my reaction
I can be
Someone that you don't want no
Problems with
So please don't push me

Fall back
I'm not gon' keep tellin' y'all to
Fall back

Raise up off my man 'fore it gets
Real bad
Problems with me, trust you don't know
Need that
You're standing too close girl to my man
Fall back
I'm not gon' keep tellin' y'all to
Fall back
Raise up off my man 'fore it gets
Real bad
Problems with me, trust you don't need
Need that
Standing too close girl
Fall back!

Trust me you don't wanna get with me so
Fall back
'Cause I will be the one to let you know
Fall back
And you will never be a woman like me so
Fall back
Get off my man and leave him alone
Fall back
'Cause I don't think that you know you're dealing with
Fall back
'And I don't think that you know you're working with
Fall back
'Cause you know the truth ain't nothing like me
Fall back
So stay away from my man or you'll be sorry
Fall back

Fall back
I'm not gon' keep tellin' y'all to
Fall back
If you hear me, stop before it gets
Real bad
Trust me, you don't
Need that
Oh, ooh, yeah
Fall back
I'm not gon' keep tellin' y'all
Fall back
Y'all don't hear me when I say
Real bad
Problems with me, trust you don't
Need that
You're standing too close
Fall back!

Fall back
Fall back!
Fall back
Fall back!
Fall back
Fall back!
Fall back
Fall back!
Fall back
Fall back!

```
