

## Mind Reader

Blaze Bayley

We are to blame, that's what they say  
We feed the greed and caused all the pain  
They think they know us, that's their mistake  
They think that we will easily break

They can knock me down, but I won't stay down  
If they read my mind, they will find  
I am ferocious, I am resolved  
To become unbeatable  
It's never hopeless, I'm positive  
We can become unbeatable

If I believe what they believe  
My life would be a catastrophe  
The future is now, this is the truth  
They say it's over for me and you

They can knock me down, but I won't stay down  
If they read my mind, they will find  
I am ferocious, I am resolved  
To become unbeatable  
It's never hopeless, I'm positive  
We can become unbeatable

The problems of this world, we can work through  
We can be strong, we can be gentle too  
We are not ruthless, we are not cruel  
We are not selfish, we are not fools

They can knock me down, but I won't stay down  
If they read my mind, they will find  
They can knock me down, but I won't stay down  
If they read my mind, they will find  
I am ferocious, I am resolved  
To become unbeatable  
It's never hopeless, I'm positive  
We can become unbeatable, unbeatable, unbeatable, unbeatable
