

# Let It Out

Blaze Ya Dead Homie

Death comes to us all  
When we least expect it  
Don't take your life  
Cuz you gone regret it

Don't let it all just eat you up inside  
I let it out  
(Eat you up inside)  
I let it out  
Don't let it all just eat you up inside

Just Like pouring salt into an open wound  
That's just like you left me at fault (an now its thru)  
Done deaded it's the finale (fineto)  
An I'm the one left with my life on repeat though  
Guilt ridden forbidden  
(Call me un forgiven)  
Damn must be what it's like to walk with the living  
Made your decisions  
An division that's in the heart that's  
Causing that world (to fall apart)  
Before it starts  
(How could you just fold under pressure)  
Was there no other way  
No other measure to take  
We're the pleasures to late  
(Or the pain to great)  
For you to handle  
Got us in church every year  
Lighting candles  
(What's In them synthetics)  
Got you hooked like dianetics  
Wrong shit in the bat  
(Roll the credits)  
It ain't all copastetic  
Not even a lil bit  
More tragic then a muthafucking  
Hollywood movie script (life is)

Oh I can feel it  
Feel that poison in my soul  
And I don't want it  
I don't want it there no more  
I let it out  
Cuz life in the dark can be so cold  
I let it out  
Cuz I can't keep it inside til I'm sick I know

Say something (let it out)  
I don't care  
If you gotta scream an shout  
You need a remedy  
Or thoughts go south  
An you spiral down  
A hole you can't get out  
An lose ya soul  
To the evil on the streets

You ain't in control  
You ain't fooling me  
Fam since we bee gees  
Knee high to a Chevy  
Fell out an you  
Fucking with meth real heavy  
Not selling it taking it  
Yo ain't this a bitch  
Thought you was a g  
Swore you'd never switch  
Destined for the crown  
Like the great Cyrus  
Out here taking life risks  
Without an anti virus  
Like going to battle  
Without the Kevlar vest  
Might as well paint the target bright red  
On ya chest  
Can't show you what life is  
But I do know death  
He's cold an never rests  
An apparition in the flesh

Listen mothafucka  
If you think for one mothafuckin second keepin that shit in is gonna help yo  
u  
You's a goddamn lie

Oh I can feel it  
Feel that poison in my soul  
And I don't want it  
I don't want it there no more  
I let it out  
Cuz life in the dark can be so cold  
I let it out  
Cuz I can't keep it inside til I'm sick I feel it  
Feel that poison in my soul  
And I don't want it  
I don't want it there no more  
I let it out  
Cuz life in the dark can be so cold  
I let it out  
Cuz I can't keep it inside til I'm sick I know
