[Kenzie]

Supastar, supastar, supastar, supastar, lets blaze it.
You're my Supastar, Im you're number one fan by far, rollin in my blacked out car, tinted windows dropped made eye contact, as a matter of fact, I see you're body and it made an impact on mine, come ride with me, its 6 o'clock, come chill on the block, we'll go cruising, find a place to stop, I think about you non-stop, so i'm taking this time just to be with you.

[Flava]

6 o'clock I never stop until
I find what i want, I find what
I want a fly chick what i want,
I rock drive through the block,
it does'nt take long cause
I'm right in the spto, I've never
seen a girl like this but she's
hot, tanned skin long legs
right on top, now I'm
with a chick in the whip and
says stop, come on lets go
straight to the club.

[Melo-D]

Come on girl let me be your
Supastar, we can ride all day,
roof down in the car, then
stop off get a cold drink at a
bar, coz you look so fine and
you shine like a star, you had
a short white skirt and your
top cut low, smooth skin and
the wind would make your
hair blow, girl your flow was
so tight I just could'nt say no,
I said jump in the ride buckle
up and lets go.

[Chorus]

Supastar, face from a movie screen, supastar, like the cover of a magazine, no matter what you do, you'll always be my supastar, supastar, I'm your number one fan by far, supastar.

[Krazy]

You know girl you're my

supastar, and I'm your number one fan by far, you remind me of a face from a movie screen, I think I've seen you on the cover of a magazine, wait, hold up, was that all a dream, no that's the film that I've seen, I wanna touch I wanna tease I wanna hold I wanna please ya, and I really wanna see you again.

[Strider]

You're my supastar girl I see your name in lights, me and you will reach amazing heights, you're on the front cover of a new magazine, then I see your face on a movie screen, I like everything about ya, your body your eyes, girl you're more precious than a golden prize, everytime I see ya I'm hypnotised, I'm your number one fan you best realise.

[Rocky B] Jammin in a whip about midday, in need of a chick coz i just got played, then I clocked dis chick walking straight my way, a supastar chick just like Beyonce, she was carrying Gucci and Prada bags, so then i thought to myself let me help her out,

pulled over do you want a
ride, the answer was yes

[Repeat Chorus]

how could she deny.

[Krazy]

Mon cherie, don't you worry about a thing, whether you fail or succeed, I want you to know, you'll always be my.

[Repeat Chorus x2]
