

Dance, Rascal, Dance

Bleachers

Dance like you're on fire
Move down the window to your love
I got a strange desire
To move with you, move with you
Give you a piece of my love

Hold on
Take me higher
Make me bolder
Oh
Come walk
Through this fire
Where we don't get older
Dance, rascal, dance

Like you're on fire
Move down the window to your love
Give me all your strange desires
Come on and move with me
Just move with me
Give me every piece of your heart

Hold on
Take me higher
Make me bolder
Oh
Come walk
Through this fire
Where we don't get older
Dance, rascal, dance

I move my feet
I grab your heart
I take your hand
You play your part
Our bad desires
Our restless souls
Take my heart
Take control
I move my feet
I grab your heart
I take your hand
You play your part
Our bad desires
Our restless souls
Take my heart
Take control

Hold on
Take me higher
Make me bolder
Oh
Come walk
Through this fire
Where we don't get older
Dance, rascal, dance
