

# See You In Hell

## Bleed from Within

Tonight we leave our morals behind  
I made a deal with the devil now I'm losing my mind  
It gives me hope, makes me see  
Nothing is what it seems

You put your life on the line  
Is it because you're empty inside?  
Your distant world's becoming  
Something you will live to regret

Tomorrows feelings don't mean shit  
They seem so far away  
So fuck your feelings of regret  
Here's what I have to say

You're not alone you're just losing control  
In a room full of guilty souls  
Paranoia's kicking in it's what you pay for your sins  
See you in hell

Tonight we leave our morals behind  
Regret's the last thing on my mind  
Who am I?

I stumble and I fall but I feel so in control  
I'm sorry but this whiskey's not enough for us all  
You're not alone  
You're not alone

The room is spinning one thousand times around me  
I don't recognise a single face  
But you do you whore

See you in hell  
See you in hell

Oh the room is spinning one thousand times around me  
I don't recognise a single face but you do you whore

You're not alone you're just losing control  
In a room full of guilty souls  
Paranoia's kicking in  
It's what you pay for your sins

See you in hell

See you in hell
