

Piss You Away

Bleeding Through

Who the fuck are you?
What the fuck have you done?
Talk your shit. Stand for nothing
Live in envy and die with nothing

You're all against us
Fuck what you think
Your judgement will never mean a thing

I am your Anti-Christ
I am your Anti-Christ

We hear what you say
Your opinions will never mean a fucking

I am your Anti-Christ
I am your Anti-Christ

Go!
Bring courage
That's already dead
You're already dead
Go!
Bring courage
That's already dead
You're already dead

Now you're talking shit
Again and again
It's so pathetic
I'll piss you away

You're still against us
Egos and insecurities
Feel my rage!

I am your Anti-Christ
I am your Anti-Christ

Go!
Bring courage
That's already dead
You're already dead
Go!
Bring courage
That's already dead
You're already dead

Go!
Bring courage
That's already dead
You're already dead
Go!
Bring courage
That's already dead
You're already dead
