

Christmastime Is Here

Blessid Union Of Souls

Well, I can't wait to start decking the halls
And I can't wait to see Santa at the mall
No, I can't wait for those flakes to fall down
Yeah, I can't wait to hear those jingle bells rock
And all those carolers singing down my block
Let's stay up and see if reindeer fly through town
Yeah, yeah, yeah, yeah

Yeah, Christmastime is here
It's that time of year
When peace and love is all around
Christmastime is here

Oh, I can just taste that gingerbread house
Red velvet cake melting in my mouth
Hey, what's your favorite kinda pie?
(Apple, cherry, Piper and Noble, that's mine!)
Well, here comes grandpa rolling up the drive
All the family is starting to arrive
It's a beautiful scene in a wonderful life
Yeah, yeah, yeah, yeah

Yeah, Christmastime is here
It's that time of year
When everything just feels like home
Christmastime is here
Feel it in the air
Joy is everywhere
Peace and love is all around
Christmastime is here

And all that we have to do
Is just let it in, let it in
To our hearts

Yeah, Christmastime is here
I wish it would last all year
We've all been counting down the
Days and nights, the sounds and sights of
Christmastime is here
Feel it in the air
Joy is everywhere
Peace and love is all around
Oh, Christmastime is here
Christmastime is here
Christmastime is here
