

# I'll Be There

Blessid Union Of Souls

Six in the morning been up all night talking  
I'm still high from the shampoo  
you used in your hair  
Everyday seems brighter cause  
I woke up beside you  
I don't want to wake you cause  
I'm screaming inside  
I can't believe we're here at all  
I'll be there when you call  
There when you fall  
Just like your favorite chair  
I will always be there  
You can bet win or lose  
I'll be right there haunting you  
For everything that you do  
You know I'll be there for you  
The light from the candle holding your hand so  
You can feel what I am feeling for you  
Cause your conversation is my stimulation  
That's when my emotions start running wild  
I see our shadows on the wall  
I'll be there when you call  
Be there when you fall  
Just like the perfume you wear  
that's how close I'll be there  
You can be win or lose  
I'll be right there haunting you  
With everything that you do  
You know I'll be there for you  
Six in the morning been up all night talking  
I'm still high from the feeling  
That I've been feeling  
All because I'm right here with you  
I'll be there when you call  
There when you fall  
Just like your favorite chair  
I will always be there  
You can bet win or lose  
I'll be right there haunting you  
For everything that you do  
You know I'll be there for you  
I'll be there when you call  
There when you fall  
Just like the perfume you wear  
That's how close I'll be there  
You can bet win or lose  
I'll be right there haunting you  
With everything that you do  
You know I'll be there for you  
I'll be there for you
