

# Feel Good

Blessing Offor

Hands up to the ceiling  
Dance off for no reason  
It's just what we believe in  
Yeah, bring the beat in

I'm by your side, I never left you  
All through the night, we made it together  
Your hand in mine, up to the stars now  
Troubles behind, tomorrow is ours now

I'm feeling the love  
I'm feeling it in my soul  
I'm feeling the rush  
I'm feeling like, "Let's just go"  
The drums and the beat are right  
The song's in the key of life  
And we gon' be alright  
So why don't we

Hands up to the ceiling  
Dance off for no reason  
It's just what we been needing  
Bring the beat in, yeah, yeah  
Get lost in the dreaming  
Get found in the freedom  
Yeah, that love we believe in  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that, you give me that  
Yeah, that love we believe in  
You give me that feel-good (Hey)

Baby, it's time, show me your best moves  
Don't make me hit mine, mm, show you how I do

I'm feeling the love  
I'm feeling it in my soul  
I'm feeling the rush  
I'm feeling like, "Let's just go"  
The drums and the beat are right  
The song's in the key of life  
And we gon' be alright  
So why don't we

Hands up to the ceiling  
Dance off for no reason  
It's just what we been needing  
Bring the beat in, yeah, yeah  
Get lost in the dreaming  
Get found in the freedom  
Yeah, that love we believe in  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that, you give me that  
Yeah, that love we believe in

You give me that feel-good (Hey)

Got no time to be uptight  
It feels too good for that  
Not when the rhythm is just right  
Man, it feels too good for that  
I just love, man, I don't fight  
It feels too good for that  
Not when the rhythm is just right  
Man, it feels too good for that  
Got no time to be uptight  
It feels too good for that  
Not when the rhythm is just right  
Man, it feels too good for that  
I just love, man, I don't fight  
Yeah, it feels too good for that  
Not when the rhythm is just right

Hands up to the ceiling  
Dance off for no reason  
It's just what we been needing  
Bring the beat in, yeah, yeah  
Get lost in the dreaming  
Get found in the freedom  
Yeah, that love we believe in  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that feel-good feeling  
You give me that, you give me that  
Yeah, that love we believe in  
You give me that feel-good (Hey)
