We are the saints
We're taking over

We are the saints
We are the promised ones
We're taking over
With hearts like loaded guns

We are the saints
We are the promised ones
We're taking over
With hearts like loaded guns

We are the saints
(We are the saints)
We are the promised ones
We're taking over
(We're taking over)
With hearts like loaded guns

We are the saints
(We are the saints)
We are the promised ones
We're taking over
(We're taking over)
With hearts like loaded guns
