

Fell So Hard, Felt So Right

Blessthefall

Imagine me
A better version of the one you see
Come on and let me know
If I'm replaceable, then why not let me go?
It seems so simple

Remember when love came easy?
Remember it felt so right?
How do we get back?
How do we get back?

Start it over
Can I get another second chance?
You know I
Never meant to make
Never meant to make you waste your time
Don't say there's somebody better
Don't say we can't make this better

Remember when love came easy?
Remember it felt so right?
How do we get back?
How do we get back?

I'd rather die
Then give you one more reason
To turn around, forget my name
I won't let it end, I'd rather die
Then give you one more reason
To let it end this way
I can't let it end this way
I can't let it end

I can't let it end this way

Remember when love came easy?
Remember it felt so right?
Remember when love came easy?
Remember it felt so right?
How do we get back?
How do we get back to the start?

Start it over, start it over
To the start
Start it over, start it over
How do we get back?
How do we get back to the start?
