

# Light The Flame

Blessthefall

Light the flame

Take my hand now don't let go  
And I'll be sure you never walk alone  
And if I leave suddenly  
Promise me one thing  
You'll set the world on fire

Set the world on fire

If you have a chance to light the flame  
Why don't you love?  
Show them why they won't forget your name  
Why don't you love?  
Light the flame

I took the long road out  
And carried the weight  
Reaching for answers with a foot in the grave  
I made mistakes and watched it all fall apart  
But now I stand tall in the eye of the storm  
Eye of the storm

If you have a chance to light the flame  
Why don't you love?  
Show them why they won't forget your name  
Why don't you love?

To all in your way  
Make them remember  
You are the flame that shines on forever  
To all in your way  
Make them remember  
you are the blade that never surrenders

If you have a chance to light the flame  
Why don't you love?  
Show them why they won't forget your name  
Why don't you love?

I took the long road out  
And carried the weight for you, for you

If you have a chance to light the flame  
Show them why they won't forget your name  
Light the flame
