You sit and judge me cause you think you know me
but you're getting nervous and you wanna run
you see us doin' what we're doin'
Mr. hold on 'cause we've just begun

Grab the children get 'em out of the way
black clouds rollin' through town today
what do you do what can you say
when a storm rolls in to blow you away

We got somethin' to say and nothin' to lose
young outcasts with everything to prove
I'm gonna take your world take it in my hands
Toss it up, I'm gonna watch it land

Grab the children get 'em out of the way
black clouds rollin' through town today
what do you do what can you say
when a storm rolls in to blow you away

We got this new thing it's kind of a groove thing
All around the world they're gonna hear us sing
We're singin', hey, hey southern man
Born and raised in the southern land
Light that flame and burn it to the ground

Grab the children get 'em out of the way
black clouds rollin' through town today
what do you do what can you say
when a storm rolls in to blow you away

You sit and judge me cause you think you know me
but you're gettin nervous and you wanna run

You sit and judge me cause you think you know me
but you're gettin nervous and you wanna run
