

# A Crazy Life!

Bleu

[Chorus]

Shout at the stars  
And dance in the fire  
Remember what you told me  
It's a crazy life  
So when you get tired  
Of losin' your mind  
Remember what you told me  
It's a crazy life (Yup)

[Verse 1]

Shit got nuts and you can't deny it  
Every stick of dynamite, we had to light it  
Every sticky situation, we would find it  
And you're goddamn right we liked it  
We never got bored and we never got tired  
We never needed anybody else to try it  
We never even knew if we would survive it  
But we did and I would rewind it

[Pre-Chorus]

In case you don't know  
Where you go, I go  
Maybe it's psycho  
I don't give a flying (Oh)

[Chorus]

Shout at the stars  
And dance in the fire  
Remember what you told me  
It's a crazy life (Woo)  
So when you get tired  
Of losin' your mind  
Remember what you told me  
It's a crazy life (Boom)

[Verse 2]

Why go big when we could go bigger?  
Why go gold when we could go glitter?  
Why be saints when we're such good sinners?  
Why walk? We could run with scissors  
Never held a tongue, but we held our liquor  
Never gave a shit, but we gave the finger  
Sure, we got bit, but we never got bitter

We thought twice, but reconsidered

[Pre-Chorus]

In case you don't know  
Where you go, I go  
Maybe it's psycho  
I don't give a flying (Whoa)

[Chorus]

Shout at the stars  
And dance in the fire  
Remember what you told me  
It's a crazy life (Crazy)  
So when you get tired  
Of losin' your mind (Losin' your mind)  
Remember what you told me  
It's a crazy life

[Pre-Chorus]

In case you don't know  
I'd walk a tightrope  
Maybe I'm psycho  
I don't really give a flying f\*ck  
[Chorus]  
Shout at the stars (Shout at the stars)  
And dance in the fire  
Remember what you told me  
It's a crazy life (It's a crazy life)  
So when you get tired (So tired)  
Of losin' your mind  
Remember what you told me  
It's a crazy life (Yes, it do)  
Shout at the stars (Hey)  
And dance in the fire (Dance in the fire)  
Remember what you told me  
It's a crazy life (It's a crazy life)  
So when you get tired  
Of losin' your mind (Losin' your mind)  
Remember what you told me  
It's a crazy life (Crazy, crazy, crazy, crazy life)  
Remember what you told me  
It's a crazy life
