

Alcatraz

Blind Channel

I heard someone calling
They said sky is falling
My sky's made of concrete
I'm down on my knees
I locked myself up
And threw away the key
Just like dog with rabies
Tied up to a tree

I was careful
But it feels like something
Followed me here
Something vicious, something dark
Ready to disappear
But heaven can wait
And the devil may cry
'Cause I'll rise with a battle cry
Ghosts like me never die

Somewhere under ground
There I was
Waiting to be found
Sky's cold and the ground is burning
Somewhere under ground
There I was
Afraid of flight
Tryna survive
Inside a prison of mind
Can anyone hear me?

I heard someone calling
They said sky is falling
My sky's made of concrete
Can anyone hear me?
I locked myself up
And threw away the key
Just like a dog with rabies
Can anyone hear me?

I thought I could fly
But you tore on my wings
You said your goodbyes
Went yourself to the rim
You said 'Eye for an eye'
But forgot one thing
In the city of the blind
One-eyed man is the king
One-eyed man is the king

Somewhere under ground
There I was
Waiting to be found
Sky's cold and the ground is burning
Somewhere under ground
There I was
Afraid of flight
Tryna survive

Inside a prison of mind
Can anyone hear me?
Can anyone hear me?

When our enemies run out of bombs to drop
It's only a matter of time they start throwing rocks
But together we can stop all the clocks
We're safe inside this Pandora's Box
When our enemies run out of bombs to drop
It's only a matter of time they start throwing rocks
But together we can stop all the clocks
We're safe inside this Pandora's Box
When our enemies run out of bombs to drop
It's only a matter of time they start throwing rocks
But together we can stop all the clocks
We're safe inside this Pandora's Box

Somewhere under ground
Somewhere under ground
There I was
Waiting to be found
Sky's cold and the ground is burning
Somewhere under ground
There I was
Afraid of flight
Tryna survive
Inside a prison of mind
Can anyone hear me?
