## Blind Channel

I've got a bullet with your name on it (Name on it)  
I've got a bullet with your name on it (Name on it)  
I've got a bullet with your name on it (Name on it)  
I've got a bullet with your name on it (Name on it)

Sometimes I get a little over my head  
When I try to make sense 'bout the things that you say  
Stand back 'cause I know your name  
Stand back 'cause I know your face

You know that sound  
How it's making you sweat  
It's the fifth blank round of the Russian roulette so  
You are not my friend  
I wonder what that makes you

So who's gonna be the last man standing when it's all over  
Do you really wanna check to see whose heart is colder?  
Before the dawn I'll take it all  
This is a war and it's gonna take you to the ground  
We're gonna show exactly what's going on

I've got a bullet with your name on it  
I've got a bullet with your name on it

This is a call for the broken and fallen  
Give me a sword and I'll slice this world wide open  
This is a threat to those misusing power  
We'll drag you down from the ivory tower

So who's gonna be the last man standing when it's all over  
Do you really wanna check to see whose heart is colder?  
Before the dawn I'll take it all  
This is a war and it's gonna take you to the ground  
We're gonna show exactly what's going on

You are not my friend

Are you okay?  
'Cos you look a little pale  
I'm sorry, my soul is not for sale  
You can try to get me out of this scene  
But you won't get this scene out of me  
I'd be lying if I said I wasn't mad every now and then  
Try to cross NC's pen  
And I will put you back in your place  
Well, fuck that, can I get an "amen"?  
We didn't come up with a plan - we came up with ten  
And every one of them is just a way to show you this is the end  
Get your eyes on the stage, or stay out of my face  
Stay out of my face

So who's gonna be the last man standing?  
Or stay out of my face  
Or stay out of my face

So who's gonna be the last man standing when it's all over

Do you really wanna check to see whose heart is colder?  
Before the dawn I'll take it all  
This is a war and it's gonna take you to the ground  
We're gonna show exactly what's going on
