Blind Channel

The problem with this meaningless sex is that it's not meaningless  
I'm not dead but after you I've been breathing less  
One of these days one day these songs will get my ass kicked  
For you I hope that they won't be hits

You only come over when you're sober  
'Cause you're lonely when you're sober  
You're gonna get so lonely when you're older  
Is it pride that you feel when you wake up in someone else's bed?  
Is it cleverness you feel when you fuck with someone else's head?  
Don't stop to think  
Go and have another drink  
Have another man just because you can  
Gin and tonic  
Drink and vomit  
I'd say I'm sorry but I guess you now it means nothing

Don't wanna see you  
Don't wanna hear you  
Still I can feel you  
We're meant to be necessary tragedies  
Enemies with benefits  
Doesn't it scare you?  
The things that we both do  
I am just like you  
We're meant to be necessary tragedies  
Enemies with benefits  
Oh no, no, no, no  
Oh no, no, no, no  
We're meant to be necessary tragedies  
Enemies with benefits

The problem with this relationship is that we're both full of shit  
Dysfunctional, something's always someone's fault  
Your heart beats for the players  
I'm sorry honey the house beats all the players, yeah  
And I can't stand, these one-night-stands  
Hey, don't you see this shit is getting out of our hands  
You make making love make me sick  
But please, shut up and just gimme some fresh wounds to lick  
Cause I'm a sucker for blood, you's a sucker for...  
Oh god, I love you way too much and I can't say it  
This has not been a summer that I'll miss  
Take my hand, and let's go drown ourselves in water under the bridge

Don't wanna see you  
Don't wanna hear you  
Still I can feel you  
We're meant to be necessary tragedies  
Enemies with benefits  
Doesn't it scare you?  
The things that we both do  
I am just like you  
We're meant to be necessary tragedies  
Enemies with benefits
