

Fever

Blind Channel

Been living in a fantasy
Bad habits and blasphemy
You wouldn't believe the shit I've seen
You see
Where I'm going you can't follow me
It's so high it's getting hard to breathe
I have a side I couldn't let you see
Ask myself
Who do you think you are?
Oh no, who do you think you are?
I'm nothing but a dreamer, dreamer
Stay alive for the shivers
Who do you think you are

Cry me a river
I bathe in the waves
Throw me to fire
I dance in the flames
I'm nothing but a dreamer, dreamer
Stay alive for the shivers, shivers
Die for the fever, fever, fever

Stop treating me like a fool
I'm freezing trying to keep my cool
You don't know me or what I've been through
So now I'm
Stuck in a body that wants to survive
While me mind is telling me to die
What doesn't kill me makes me thrive

Cry me a river
I bathe in the waves
Throw me to fire
I dance in the flames
I'm nothing but a dreamer, dreamer
Stay alive for the shivers, shivers
Die for the fever, fever, fever

Who do you think you are
Been living in a fantasy
Bad habits and blasphemy
You wouldn't believe the shit I've seen

Cry me a river
I bathe in the waves
'Cause I'm nothing but a dreamer, dreamer
Cry me a river
I bathe in the waves
Throw me to fire
I dance in the flames
I'm nothing but a dreamer, dreamer
Stay alive for the shivers, shivers
Die for the fever, fever, fever
Cry me a river
Throw me to fire
I'm nothing but a dreamer, dreamer
Stay alive for the shivers, shivers

Die for the fever, fever, fever
