FLATLINE

Blind Channel

I can not hear the music through all the moodswings

(Flatline)

Jump!
Like we're jumping on a landmine
My life is a joke without a punchline
You don't need a parachute to skydive
You need a parachute to skydive, twice

I can not hear the music through all the moodswings

Can you hear the silence getting loud?
Tickets to my nightmares selling out
I'm so sick and tired of ups and downs
I think I wanna flatline, flatline, flatline

Bounce!
Like you're bouncing for the last time
Exit emotions, see you onother side
You don't need a parachute to skydive
Just make sure you land inside the chalk outlines

I can not hear the music through all the moodswings
I can not hear the music through all the moodswings

Can you hear the silence getting loud?
Tickets to my nightmares selling out
I'm so sick and tired of ups and downs
I think I wanna flatline, flatline, flatline

(Flatline)
Flatline, flatline, flatline

I can not hear the music through all the moodswings
I can not hear the music through all the moodswings, moodswings
Moodswings, moodswings...

(Flatline)
Flatline

Can you hear the silence getting loud?
Tickets to my nightmares selling out
I'm so sick and tired of ups and downs
I think I wanna flatline, flatline, flatline

I think I wanna
Flatline
I think I wanna flatline, flatline
