

I won't let my fear decide my future!

Everytime that I think about you  
You're a big, bad bully, I don't like you  
And I never wanna be nothing like you  
Now the big bad wolf's gonna bite you  
Eye for an eye, I won't close mine  
I see what you're doing some post sign  
Here to tell you that I do not fear you!

Hey there, big bad guy  
Why don't you go and pick on someone your own size  
And don't you know that being a bitch comes with a price  
You wanna dominate  
I'd like to see you try

If you feed on my fear  
Prepare to start a war

See, I was afraid to leave my house  
'Cuz of all the bad shit that's been going on  
But I wanna be strong, so here's what I thought:  
If I fear then the bad guys have already won  
I'll stand up even if my body breaks  
I'll speak up even if my voice shakes  
So, the big bad world in front of me, I'm not afraid of anythin  
g!

You just terrorize, acting so big  
But we all know you're small inside  
You only know how to be mean  
That means you're weak  
So now sit the fuck down, and hear me speak

You see no more tears  
And if you feed on my fear  
Prepare to suck today

I won't let my fear decide my future!  
Bounce

Why do I fear you?  
Say I don't fear you!
