

NOT YOUR BRO

Blind Channel

I'm not your...

Congratumothafuckinglations, bro
We always knew you're gonna make it, bro
We pushed you down 'cause you could take it, bro
What can I say?
Thank you, thank you, fuck you

Did you really think that I would forget?
I'm still fighting to get you out of my head
Where every single evil thing you said created a nest
They never rest

'Cause you broke me
I'm dark, I'm bad, I'm cruel
Because you broke me
Blood and black and blue 'cause I am
Still picking up my pieces
No feelings, fuck forgiveness
Why don't you notice?
I'm not your bro, you broke me

When are we gonna hang, bro?
It must be crazy touring with the band, bro
Let me know if you ever need a hand, bro
What can I say

I'll return the favor, I'm returning the fear
Your apologies only hurting my ears
Call me a brother once again and I swear
You'll disappear

'Cause you broke me
I'm dark, I'm bad, I'm cruel
Because you broke me
Blood and black and blue 'cause I am
Still picking up my pieces
No feelings, fuck forgiveness
Why don't you notice?
I'm not your bro, you broke me

I'm not your bro, you broke me

I've been hated, you made me think I'm better off dead
I'm motivated by everything you did and you said
Before you tell me to get over what keeps me up at nights
I'mma show you exactly what my past sounds like

Congratumothafuckinglations, bro
We always knew you're gonna make it, bro
We pushed you down 'cause you could take it, bro
What can I say?

I'm not your...
I'm not your...
I'm not your bro

'Cause you broke me
I'm dark, I'm bad, I'm cruel
Because you broke me
Blood and black and blue 'cause I am
Still picking up my pieces
No feelings, fuck forgiveness
Why don't you notice?
I'm not your bro, you broke me

I'm not your bro, you broke me
