

# Another Stranger Me

Blind Guardian

A seed of doubt  
It exists  
And it grows  
A glimpse of life  
From somewhere deep within  
Awake and understand

Is there anyone else here?  
Somebody screaming  
Please help me  
Let's find out now  
That I am not dreaming  
Welcome to my damnation  
Here it comes the real me

I didn't know  
I couldn't hear the answer  
My mind was blank  
I should have known  
I hold it back but somehow  
There is someone else  
Another stranger me

Another stranger me

That's  
When the ice  
Will break away

I can't get out here  
Anymore  
Cause none of my keys  
Fit the door  
There's fear and anger  
Hate and love  
I must confess  
It's out of hand

It's cynic  
It's cynic  
Still cynic  
All my laughter

It's cynic  
Just manic  
It's cynic  
All her laughter

If there's anyone in  
It soon will be over  
We'll burn out  
Our soul's aflamed  
And we're on our own now  
Give up you cruel invasion  
You're insane I'll show you

I didn't know...

Out and gone  
Can't resist  
Cold and sore  
The bolt of pain  
Keeps ripping through my head  
I can take no more

Don't tell anyone else but I  
Do not believe her  
See hates me  
Cloud my mind  
She's a deceiver  
I can feel cruel vibrations  
Would you like to meet me?

I didn't know...

Another stranger me
