

# Fly

## Blind Guardian

Stop be quite now  
Out with the light and  
Then up and down it goes

Fly  
Out with the light  
There at the door  
The inspiration I've looked for  
The spirit of the youth appears

No one ever dares to speak  
It's nothing else but fantasy  
It's make believe  
Make believe

No one ever dares to speak  
It's nothing else but fantasy  
But one day  
It all will come to life

Step out of line  
And I'll teach you how to fly  
Then away we'll go  
Leave your mark land of mine  
Leave your mark  
In the land of mine

The second one to right  
And then straight on  
Until morning light

Stop be quite now  
No irritation  
No, not the slightest doubt

We got once  
Quick - we better hurry  
There from the road I sense  
The end of fun gets near  
Wonderful thoughts  
And imaginations  
These things will lift you up

What is it like?  
You ask me, my dear  
Will there be fairies  
Or things to fear?  
For fairies sake I'd say  
You better come with me  
So soon you'll see  
Now up and down it goes  
And round  
Round and round and round

Praise  
To my cleverness  
They all follow me

All praise to innocence  
That's everything it needs  
Fly in  
Fly out  
They'll leave it all behind

No one ever dares to speak...

Life is a map  
And it is quite confusing  
The lights are up  
Now let the play begin  
She flies, she flies  
Into the light she flies  
No words like "Just" in mind  
She's finding Neverland  
There on the day she dies  
Don't stop it now  
She still enjoys the scene  
Don't stop it now  
Don't stop it now  
Don't stop it now  
Don't stop it now, now, now

No one ever dares to speak...
