

Bootin Me Bout

Blind Lemon Jefferson

I got a brownskin mama : she built right to the ground
When I goes to her house : old man starts to booting me
around

Now you mustn't blame his gal : it's nailed up to his
door
Don't want to go near no man : pretty soon she'll be too
old

Hey here Mr : you must be losing your mind
Everybody's got to have : a little bit of loving sometime

Her father told me : better not to come back no more
If I catch you here : I'm going to boot you through the
door

I love my little brownskin : she's so young and green
The old man's the bootingest thing : that I most ever
seen

I got to find me a scheme : to get my gal all to herself
Because I'm a fool about that woman : don't want nobody
else
