

## Chock House Blues

Blind Lemon Jefferson

So many wagons : they have cut that good road down  
And the girl I love : her mama don't want me around

Baby I can't drink whiskey : but I'm a fool about my  
homemade wine  
Ain't no sense in leaving Dallas : they makes it there  
all the time

These here women want these men : to act like some boxer  
dog  
Grab a pick and shovel : and roll from sun to sun

I got a girl for Monday Tuesday : Wednesday Thursday  
Friday too  
I'm going to sweeten up on Saturday : what are the women  
through the week going to do

Don't look for me on Sunday : I want to take pigmeat to  
Sunday school  
She's a fine looking fair brown : but she ain't never  
learned Lemon's rule
