

## Empty House Blues

Blind Lemon Jefferson

The furniture man : he done been here and gone  
Taking all my furniture : didn't left nothing for me to  
sit down on

Well it's tough to be alone : when I got to have my  
biscuits browned  
Most of these women I know : cooking ??? \*down for down\*

I loved my baby in the morning : Lord loved her late at  
night  
I miss that midnight loving : and you know I ain't  
treated right

I feel so disgusted : and I hate to be alone  
I'm getting some other man's loving : when I ought to be  
getting my own

My love is like a storm : what blowed the walls all down  
Soon as you get some of my loving : they can't keep you  
out of town
