

Old Rounders Blues

Blind Lemon Jefferson

I ain't going to marry : ain't going to [be no settling,
settle] down
I'm going to stay like I am : going to ride from town to
town

There's a house over yonder : painted all over green
Going to find these young women : that a man most ever
seen

I'm going to run to town : talk with that chief of police
Tell him my good gal has quit me : and I can't live in no
peace

My home's in Oklahoma : I ain't got no business here
I'm just stopping around : to have a drink of a little
drink of beer

I went home last night : fell down on my bed
I got to dreaming so : I was talking all out of my head
