

Cold Winter Day

Blind Willie McTell

I did everything baby : that I could do
Fell on my knees : mama get along with you

I give you my money baby : my last dime
Soon as you got up mama : you changed your mind

I gave you my money mama : buy you shoes and clothes
Soon as you got bid change : you put me outdoors

I took you mama : your shoes were thin
No man wanted you : no one took you in

When I took you mama : *feet'll* on the ground
Ain't no man baby : wanted you around

Took your breakfast : brought it to your bed
Took my comb baby : combed your head

Make no difference mama : take your lock and key
Too many women : want a man like me

Going away mama : it won't be long
I know you'll miss me : the days I'm gone

I took you mama : treated you nice and kind
Soon as you got on your feet : you wouldn't pay me no
mind
