

It's a Good Little Thing

Blind Willie McTell

Look a□here mama : just a word or two
Said I get you : to let's go loo loo

Look here mama : just don't stop
I ain't going to be : your other man's stumbling block

Wait just a minute : let's get this right
We're going go a□looming : till broad daylight

Going to Savannah : make some jack
Hold that cat : till I get back

What is that mama : you got in that sack
It's got hair on it : and I believe it's a cat

Well it looks pretty much : like Santy Claus
Best little something : I ever saw

Look here mama : just like a log
She gets kissing : like a shaggy dog
