

## Force Fed

## Blind Witness

I don't give a f\*ck  
About you all  
And what they say about me  
And all you maggots trying to cut me off  
You just like to hate  
You just like to blame it all on me

I don't give a f\*ck  
About you all  
And what they say about me  
And all you maggots trying to cut me off  
You just like to hate  
You just like to blame it all on me

Through the years I've been held down  
I've been pushed around  
Just to find myself in situations  
In which I never felt secure  
I was always on the run  
Always searching for a cure  
Never cared about the consequences  
Cause my vision was blurred

I won't be history on the records  
But I'll make sure you remember me  
Put your darkest thoughts on the table  
I'll force feed you until you f\*cking choke

Put your darkest thoughts on the table  
I'll force feed you until you f\*cking choke

May you puke it all on me  
And look straight into my eyes  
While I wash it all away  
Cause all the pain you've ever been through  
Ain't a fraction of a dream  
No nightmare could ever show  
What the f\*ck sleeps in me

The f\*cking boogiemán should fall back to sleep  
He's nothing compared to the hell I can achieve  
No drugs or pills could ever put me to sleep  
I have too many horror stories in me

I don't give a f\*ck  
About you all  
And what they say about me  
And all you maggots trying to cut me off  
You just like to hate  
You just like to blame it all on me

I don't give a f\*ck  
About you all  
And what they say about me  
And all you maggots trying to cut me off  
You just like to hate  
You just like to blame it all on me
