

Life Cure

Blindside

The crown is broken
King has fallen
Child lies bleeding
crying inside
no love no hate
no pain no joy
no more emotions
for your little boy
inject shot take pill
your cure for sorrow
body of man, heart of a child
we kill depression for life
inject shot
take pill
no cure for sorrow
i want to love, feel, live...
please
is life worth all these unfeeling days?
I want to love?
I want to live
