

I'm so sick of all this rain
But I love the way it smells
I can't sleep in my own bed
So I stay up in hotels
In my head it's always 3 a.m
In my head I'm all alone again

Forever it's 3 a.m
I just wanna close my eyes
Cause I'm drowning in these lights
In my head, forever 3 a.m
I won't sleep at all tonight
So I'll smile and let them burn my eyes

Every day's a battle when every breath's a war
And I always get less, when I ask for more
Yeah maybe I'm to blame for always waiting on the worst
But the last thing that I need, I see first

Forever it's 3 a.m
I just wanna close my eyes
Cause I'm drowning in these lights
In my head, forever 3 a.m
I won't sleep at all tonight
So I'll smile and let them burn my eyes

Everyone treats me like I'm different
But everyone says that I'm the same
Nobody tells you when you're broken
But it's written on their face

Forever stuck in 3 a.m
No one's waiting up for me
Is this all I'm meant to be?

Forever it's 3 a.m
I just wanna close my eyes
Cause I'm drowning in these lights
In my head, forever 3 a.m
I won't sleep at all tonight
So I'll smile and let them burn my eyes
