

## BLINK WAVE

Blink-182

Hey, you said  
I'm sorry but I ain't quite heaven-sent  
My nervous system's just a nervous wreck  
And on and on  
We're torn apart and strung along

Yeah we tried  
But never could escape the long goodbye  
And crashed into the dark beneath the ice  
And in my dreams  
I lie awake and kick the sheets

You are so inordinary  
Seems so scary  
To be buried

You know I just can't keep my mind off you  
The pain's so deep, I can't get through  
With the midnight black-and-white tattoos  
'Cause the same old fights, they just won't do

Hey, you said  
I'm sorry but I just got filled with dread  
I'm haunted by the voice inside my head  
And on and on  
This broken heart will carry on

You are so inordinary  
Seems so scary  
To be buried

You know I just can't keep my mind off you  
The pain's so deep, I can't get through  
With the midnight black-and-white tattoos  
'Cause the same old fights, they just won't do

Now I just can't keep my mind off you  
This hurts so bad, I can't get through  
But I always say I'll wait for you  
'Cause the same old girls, they just won't do

Save me like the last time  
The best 10 days of my life, the best 10 days of my life  
Save me, save me like the last time  
The last 10 days of my life, the last 10 days of my life

You know I just can't keep my mind off you  
The pain's so deep, I can't get through  
With the midnight black-and-white tattoos  
'Cause the same old fights, they just won't do

Now I just can't keep my mind off you  
This hurts so bad, I can't get through  
But I always say I'll wait for you  
'Cause the same old girls, they just won't do

Now I just can't keep my mind off you

This hurts so bad, I can't get through  
But I always say I'll wait for you  
'Cause the same old girls, they just won't do
