

# Heaven

Blink-182

I don't believe that we were ever meant to be left  
Underneath the light of dying stars (Dying stars)  
Push me off the edge of the world (Of the world)  
Watch me as I slowly fall apart  
Set fire to the roof of your house and  
Waited for the sirens to wail (Sirens to wail)  
Left your favorite records to melt (Records to melt)  
Listened as you damned me to hell

Angel wings at the bus stop  
Halos left on top of the bar  
Heaven doesn't me want me now  
Heaven doesn't want me (x2)

What did I think would happen  
I wouldn't dream of asking  
You waited here for me so long  
I lived in fear that you moved on

What have I done to us, it seems  
I've broken trust and shattered dreams  
I only wish I'd spoken of  
The loneliness since we broke up

Angel wings at the bus stop  
Halos left on top of the bar  
Heaven doesn't me want me now  
Heaven doesn't want me (x2)

Heaven doesn't me  
Heaven doesn't me

Say a prayer that you'll make it to the other side  
It won't make no sense and you'll lose your mind  
We're lost in our ways (We're lost in our ways)  
Nothing left to say, no

Make a wish that you'll get a chance to say goodbye  
Before the shots ring out in the dead of night  
We're stuck in our ways (We're stuck in our ways)  
I got so much to say, oh

Showed up like shadows in this crowd  
Brought the fire blinding  
Came here to quickly tear us down, down, down

Angel wings at the bus stop  
Halos left on top of the bar  
Heaven doesn't me want me now  
Heaven doesn't want me (x2)
