

OTHER SIDE

Blink-182

They took you away on a Tuesday
A lightning bolt without a cloud in the sky
We grew up Siouxsie and the Banshees
10:15 on a Saturday night

It'll never be the same, stage right
But we'll always have that coffee life
I'll see you again on the other side

How'd you get back to the hotel?
Where did you end up at the end of the night?
How can I go back to Holmdel?
How can you leave without saying goodbye?

It'll never be the same, stage right
But we'll always have that coffee life
I'll see you again on the other side

Captured lights through barricades
Long-lost nights and better days

It'll never be the same, stage right
But we'll always have that coffee life
I'll see you again on the other side

It'll never be the same, stage right
But we'll always have that coffee life
I'll see you again on the other side
