

## On One

Bliss n Eso

I've been waiting for this shit for so long  
Don't know what you got till it's gone  
Pages of my past are now torn  
Cuz this drug is my dreams  
And I'm on one  
Can't tell me nothing  
I'm on one  
Cuz this drug is my dreams  
And I'm on one  
Motherfucker I'm on one  
Cuz this drug is my dreams  
And I'm on

Ain't nothing like the high  
When meet eye to eye  
With the fans in the front row  
That love is above  
Any buzz from a drug  
And that's what run on  
This shit is fun yo  
My hips hop like they jump rope  
Everyday I'm craving to make a creation  
I wake and smell that love rose  
I'm a hungry gun yo  
My tummy hear it grumble  
My hustle is my shovel  
I dug until I struck gold  
First class up in a jumbo  
I come cold when my tongue flows  
I'm on one like this perfect pattern of poetry placed just so

These rappers I crush bro  
They ants and I am Dumbo  
Like Spud Web to Mutombo  
Yes bitch I go for the gusto  
On these drums bro  
Either way you look at it it's  
Murder like red rum yo  
Go reflect on that like Columbo  
You'll figure it out you dumb ho

I got blunt rolled  
With more purp  
Than a plum's coat  
Or blood in a subbed toe  
I done blowed up  
Like the skirt of Marilyn Monroe  
I'm on a boat getting sun soaked  
While my funds grow  
Pardon the pun yo  
But labels see a buck when they look at the kid  
Because I'm a young goat

And I'm on one  
Can't tell me nothing  
I'm on one  
Cuz this drug is my dreams

And I'm on one  
Motherfucker I'm on one  
Cuz this drug is my dreams  
And I'm on

Yo!  
I've been on one since day dot  
I ain't quitting my day job  
You forgot what you have damn  
Cause you always look at what they got  
I don't take no days off  
I'm '88 MJ in the playoffs  
Fuck going viral, I'm going wild  
With these bare hands I make trains stop  
Effortless when I take off  
Finessing this while I blaze pot  
I will never sit on the devil's dick  
Cause I'm cheffing shit like I'm Raekwon  
And when I play cod  
I flame squads  
I'm James Bond with a cape on  
My brains stronger than napalm  
And each track is attached to a A-bomb  
And if you think my aims off  
And wanna know what I'm made of  
Slow mo with a samurai sword my shit'll spit each raindrop  
And we make songs to make pain stop  
I'm Django with them chains off  
Forever young in a studio  
Like Rufio with a chain saw  
And instead of sucking on Drake's cock  
I found love for myself like K dot  
You wanna block my shot better stop the clock cause I got the Rock like Aeso  
p  
I gave the game a new paint job  
I'm the fix it man like Ray Don  
But enough of rapping, cut the cameras  
I'm a fuck the planet when I play god, like

And I'm on one  
Can't tell me nothing  
I'm on one  
Cuz this drug is my dreams  
And I'm on one  
Motherfucker I'm on one  
Cuz this drug is my dreams  
And I'm on

It's Raskit Bliss n Eso  
Said my name first I'm just a guest though  
Ask me if I'm on one I guess so  
And I go on and on you best know  
It's that hip hop not Tiesto  
Big up Tiesto it's all bless  
And I must express and bang my chest  
Them boys can't test my manifesto  
I don't drink decaf or espresso  
Got no cholesterol  
I just finesse and get the pesto  
Like hey presto  
But I don't wear pretos  
I'm in air max looking retro  
No I ain't metro

I'm cheap and cheerful Lidl Tesco  
I just let go  
I'm like fire mixed with petrol  
The bar is high but it was set low  
I'm from the ghetto  
Where life ain't sweet like cornetto  
Better hit them streets alfresco  
And I come correcto  
What's this beat it's perfecto  
From the get go  
Give the producer my respect na  
Give the producer a healthy check yep  
We gotta get dough  
Don't forget bro  
Going down under we gotta get low  
London to Sydney gimme the jet so I can fly direct  
I'm a lyrical vet gimme the mic I bet  
I don't miss a step I just  
Step correct I got no regrets and back pedal  
Heck no  
This is that wavy water wet flow  
This is that Hublot I need a Patek flow

And I'm on one  
Can't tell me nothing  
I'm on one  
Cuz this drug is my dreams  
And I'm on one  
Motherfucker I'm on one  
Cuz this drug is my dreams  
And I'm on

And I'm on one  
Can't tell me nothing  
I'm on one  
Cuz this drug is my dreams  
And I'm on one  
Motherfucker I'm on one  
Cuz this drug is my dreams  
And I'm on  
I'm on  
I'm on  
I'm on
