Appletrees

Blitzen Trapper

Shook a lot of apple trees in your life
You took a lot of lovers on some long, sleepless nights
And now you're waitin'
Some bison lady
To this they said

It's an episode of feelin' that you can't swim at all
There's water all around you
Does it make you feel small
And now you're waitin'
Some bison lady
To this they said

Shook a lot of apple trees in your life
You took a lot of lovers on some long, sleepless nights
And now you're waitin'
Some bison lady
To this they said

Sunk a lot of battle ships in your life
You find it suddenly just but you know it's not right
Shook a lot of apple trees in your life
There are a lot all around you, can you find one that's ripe
