

## Black Rock

Blitzen Trapper

Lost like scapegoat  
Broken fence post  
Sky like black eye  
Can you see me  
See what we see  
See what we see

Shocking stillness  
Spin refuses  
Down on black rock  
Can you believe  
See what we see  
See what we see

Under a broken branch  
Can you see beyond  
I'll continue on  
Somethin' besides the sun  
Lights up the night  
This I know for sure

Climbing stark walk  
Life-like foot lock  
I'm like wind blow  
Can you see me  
See what we see  
See what we see
